Established in 2011, iTrack Zimbabwe has earned a strong reputation for delivering high-quality, scalable information technology solutions in vehicle telematics. Our solutions are designed to meet the unique needs of industries that manage fleets and other mobile assets.

Headquartered in Harare, with a new branch soon to open in Bulawayo, iTrack Zimbabwe is expanding its national presence to provide even more accessible and efficient service to clients across the country.

We are proud to be a leading provider of fleet technology, delivering real-time insights that improve productivity, enhance safety, and strengthen operational control. Our continued growth is driven by innovation, exceptional customer service, and strong research and development capabilities that keep us at the forefront of the industry.

From automated fuel depot management and driver behaviour monitoring to vehicle tracking and recovery, our solutions enable businesses to reduce operating costs, improve compliance, enhance fleet security, and make informed, data-driven decisions.

At iTrack Zimbabwe, we combine technology, expertise, and customer-focused innovation to help organisations manage their mobile assets more efficiently and achieve greater operational performance.

We are privileged to serve a diverse portfolio of reputable organisations across Zimbabwe, including leading companies and institutions such as Delta Corporation, Cailogistics, Schweppes Zimbabwe, Gweru City Council, Star Africa, and Diefrack Marketing, among others.
